

ECONOMIC CRISIS in the era of peak oil

Nicole Foss, specialist in air & water pollution control & international development law, presents a disturbing perspective on our global finance system coupled with a clear analysis of global demand for energy. She shows us when the energy needed to extract energy exceeds the yield & how this links to current economic crises.

Wed 31 Aug 7 for 7.30pm
risc 35-39 London St RG1 4PS &

you can text questions for Nicole to 07722 047158 until the last week of August
free but donations to cover travel expenses
