Dear \_\_\_\_\_ MP,

I'm really concerned about Climate Change. In particular, \_\_\_\_\_ [ADD YOUR  
PERSONAL COMMENTS AND CONCERNS HERE]. I'm worried that unless the UK Government  
takes strong action now, the future of our planet and our children is going to be bleak.

Please can you tell me what is in your party's 2015 General Election Manifesto that will  
enable the UK to reach the target of at least an 80% reduction in our greenhouse gas  
emissions by 2050 (as set out in the Government's Climate Change Act 2008)?

I'd like you to pass on my concern to your Manifesto Planning Group, and please keep me  
informed on your party's position on this matter, so that I can decide how I will vote.

Yours faithfully,
